

YANTRA FOR DEVI:

Reflections on Eroticism & Spirituality

Daiki: (frowning) This image is too erotic for my liking.

Chariya: Huh? What's the problem? Why can't something be both spiritual and erotic?

Daiki: Don't spiritual things help us get out of this world, while erotic things pull us deeper into it?

Chariya: Is it really that simple?

Daiki: To be honest, I don't know. I'm continually confused.

Chariya: Good! Confusion is a sign you're still thinking. That means you are exploring and growing. Those who are too confident of their certainties cease to grow.
