

DISCOURSE COHESION:

Some Thoughts on Narrative Unity

Satoru : Each discourse offers its own vision of reality.

Melissa : Indeed. It's fascinating to observe how discourses vary from country to country.

Tim : Every discourse is also tied to a larger agenda. That's inevitable. The best we can do is explore many sources and question why information appears in a certain light.

Liao : (sighing) Yeah. However, in an age where more and more people surf through information quickly on their compuscreens, taking time to carefully analyze messages might seem curiously retro. However, I believe some messages have a beauty that is worth preserving.
