

QUEER FEARS

Normalizing Same Sex Love

Oh no!
Can it be?
Men kissing men!
Smooooching where others see!

Hey, why not?
Is homophily anything new?
Why fret about such trifles?
There's no problem in my view.

My God! Isn't that awful?
Three women moving amorously
rubbing ahh -
should I need state this explicitly?

Why not?
What's wrong with healthy sexuality?
Learn to see anew:
When attraction happens
bodies do naturally what bodies do.

Miok : (shaking her head) This poem is too homophilic for me.

Cantara : (nonchalantly) Why should that be a problem?

Miok : But ahh, it's not ahh, normal. . . .

Chris : So? That's a non-issue. In my view the only problem is lousy poetry.
That alone is unforgivable.
