

*How Weird: Out of the Box of Expectations*

## **DIFFERENT PEACE**

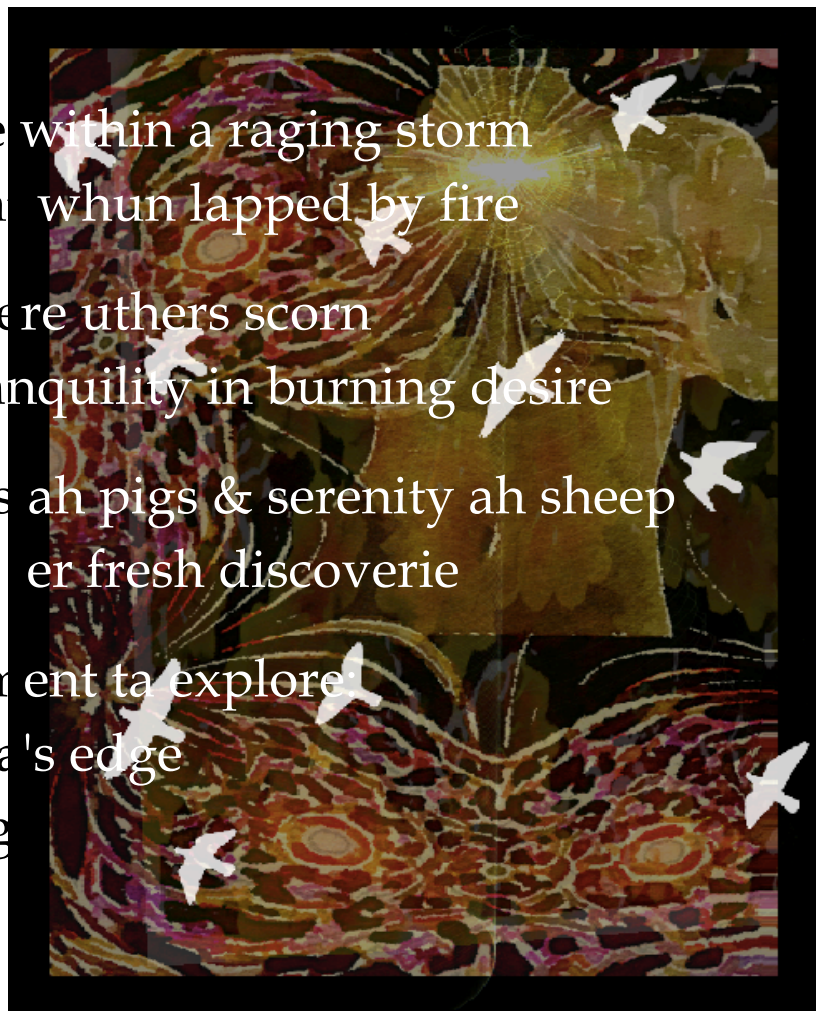

Discovering balance between passion and tranquility

Gim'me peace within a raging storm  
& contentment whun lapped by fire

Let me go where others scorn  
& discover tranquility in burning desire

The happiness ah pigs & serenity ah sheep  
is ah little use er fresh discoverie

Take this moment to explore  
Only at eureka's edge  
argh we living

*Wan-Sze:* Isn't this poem is extreme?

*Kasim:* No, because actually we are always at death's edge –  
but simply unconscious of it.

*Will:* I dunno. There's too much fire . . . why not veg-out & relax?

*Kasim:* No one is stopping you. However, d'ya think that's what this  
human birth is fer?
