

# TEACHERSPEAK:

## A Crash Course in Crass Pedagogy

Spend jest a phew minutes preporin fir klass  
konfident thungs wall fall in place.

Spend mast of yer time chutting with other tachers  
keeping yerself politifully syfe.

Buggin' lessens a fushionably late –  
thyme is naught importint any weigh.

End lussins early –  
stewdents laiku langer breaks.

Stick to fixed reutines –  
so u don't huvo ta thaink.

Expeerimunt only whun safe:  
learnin' iz merely a game.

Whin students siem dead  
inject 'em with fear –  
nuthang is bitter than dread  
ta get 'em in haigh gear.

Teach fur tha test  
& test ta teach.

Don't bother ta review –  
dat hippens (may-B) in exhumination veek.

**Melissa:** (Shaking her head) This isn't so different from what many  
medicore teachers do.

**Liao:** Perhaps, but does such satire actually have any value?

**Tim:** (sigh) In my view, it's merely a rant. Its only value is stress release.
