Lis : (yawning) This work seems rather macabre!

Ron : (nodding) Perhaps the creator had a tormented soul?

Linda : Every soul not in a state of perfect love is tormented and at this point in history most humans that way. We are merely faint shadows or ghosts of what we could possibly be!

Lex : (half in jest, yet with a faint glimmer of conviction) Eventually this planet will awaken. Be patient - the process may take thousands of years. That might seem like long, but actually it isn't.
